3T will charge your bank account with the mutually agreed upon amount between the 20th and the 30th of each month. The payments are made in advance and apply to the following month. The agreement refers to a minimum of 12 monthly installments and will subsequently be automatically renewed each month unless otherwise agreed upon. This agreement is in effect until terminated by either one of the parties. Termination must be in writing and take place in the same month that the member wants the last payment to be charged: assuming the initial required 12 monthly installments are completed and outstanding fees from previous months have been paid.
